

Parsley

Curled Parsley

LISETTE

- ▶ selection of type "Moss Curled", finely curled, fresh green colour
- ▶ very rapid growth
- ▶ Lisette shows very good results in overwintering
- ▶ very robust against bolting, very suitable for pot cultivation

AFRODITE

- ▶ dark variety with quick development
- ▶ ideal for year-round pot cultivation
- ▶ very upright, homogeneous in colour and leaf shape
- ▶ long keeping quality in pots because of compact growth

STARLETT

- ▶ excellently suitable for open field and pot cultivation
- ▶ the dark colour and the short cultivation time make the perfect combination
- ▶ heavy, densely filled leaf cushions on strong stems
- ▶ robust "Moss Curled" type with medium rough, curled leaves
- ▶ very good shelf life after harvest

GRÜNE PERLE

- ▶ all-round variety for open field and pot cultivation
- ▶ very suitable for overwintering because of its low tendency to bolt

DARKI

- ▶ very dark selection of type "Moss Curled" for year-round production
- ▶ easy to harvest due to the extremely upright leaves
- ▶ suitable for cultivation in pots, for the fresh market and industry

DARKLETT

- ▶ high-yielding selection for open fields
- ▶ very dark green, roughly curled leaf cushions
- ▶ ideal for bunching and processing

Smooth Parsley

LAICA

- ▶ type "Gigante d'Italia" with large leaves
- ▶ dark green variety for the fresh market and industry
- ▶ smooth parsley with very fast development and large yields
- ▶ good regeneration capacity

GIGANTE D'ITALIA/HILMAR®

- ▶ robust, dark green parsley for cutting, intensely aromatic
- ▶ large and smooth-leaved, on strong stems
- ▶ high-yielding

LAURA

- ▶ excellent selection, flat-leaved variety: very dark green colour, smooth, fine, small leaves
- ▶ vigorous growth, very upright
- ▶ suitable for cutting and pot cultivation
- ▶ high resistance against downy mildew

Parsley Root

HALBLANGE/HILMAR®

- ▶ semi-long, aromatic parsley root
- ▶ suitable for the fresh market with/without leaves, also for industrial use

HALBLANGE/HERMES

- ▶ parsley root, semi-long type
- ▶ smooth root and very attractive colour
- ▶ ideal for the fresh market and industry
- ▶ robust and dark foliage
